

**Product Overview:**

This is a fully adjustable directional microphone that fits around the back of the neck and under the collar of a shirt. An adjustable boom allows the user to tailor the microphone placement. It's excellent for extended wear. (Discontinued)

**Highlights:**

- Use with Listen's LT-700 Portable Transmitter
- For vocal/speech applications
- Directional microphone (cardioid pattern) rejects sound from rear and sides of mic
- Fits around the back of your neck and around your collar
- Fully adjustable comfortable to wear for long periods
- Good microphone for placement directly in front of mouth
- The transmitter antenna is built into the microphone cord

**Includes:**

One (1) LA-276 Collar Microphone
